Riverside Studios
Riverside Studios Ltd.
Rehearsal Room

OVERVIEW

The Rehearsal Room is a bright space with floor to ceiling frosted windows and a separate entrance. This space is ideal for workshops, play readings or simply as a breakout space for your event.

SEATING

The Rehearsal Room can accommodate 70 standing or 50 in theatre style seating.

PLEASE NOTE: During the COVID-19 Pandemic, capacity is reduced to 32 standing and 24 sitting with social distance mitigation in effect.

THE VENUE

The Rehearsal Room is 102 metres square with a height of 2.3m to underside of fixed bars and duct work. NO fixings (screws, bolts, etc) are to be made into any surface in the venue. Please contact the Technical Management team for more information.

SUSPENSION & RIGGING

There are 3 fixed height Internally Wired lighting/ sound bars in the venue. Each bar is supplied with power and data for lighting and sound equipment and each can support 35kg/m evenly distributed across the bar.

LIGHTING

There is no fixed lighting control position as this space is fully adaptable to client's specific needs. There are 12 non-dimmable circuits on Internally Wired Bars in the venue.

LIGHTING STOCK: Please see Appendix A and contact Technical@Riversidestudios.co.uk for a current plan.

Please note all lighting equipment is shared between Riverside Studios venues and subject to availability and additional hire costs. Additional equipment can be provided by Riverside Studio's lighting supplier and will be charged as an additional cost. Please discuss any further requirements with the Riverside Technical Team.

SOUND

There is no fixed sound control position as this space is fully adaptable to client's specific needs, however a small PA is available for presentations, vocal reinforcement and background music. Sound can be controlled through Dante network, Bluetooth, or Hard Wired.

Additional microphones, speakers and backline equipment can be provided by Riverside Studio's supplier and will be charged as an additional cost. Please discuss any further requirements with the Riverside Technical Team.

VIDEO

Video equipment ie. Projector, TV's etc. can be supplied for the Rehearsal Room. Additional equipment can be provided by Riverside Studio's supplier and will be charged as an additional cost. Please discuss any further requirements with the Riverside Technical Team.

To check availability of equipment. All COVID-19 guidelines accurate to 20th December 2020.

ACCESS

The Rehearsal Room is located on the ground floor of Riverside Studios and can be accessed via the main building entrance or through a secondary entrance with prior approval. A covered loading bay is located on Crisp Road and capable of receiving articulated trucks. This area is shared between all Riverside Studio venues and there is no accommodation for short or long term parking. Due to licensing restrictions, no loading in or out of the building is permitted before 0800hrs or after 2200hrs unless it has been arranged in advance with the Riverside Studios Technical Management Team.

STAFF

Riverside Studios do not, as standard, provide technical operators for performances. If you require an operator please email the Technical Management team and we can put you in touch with a technician to suit your needs depending on your requirements.

NOTES

Any practical electrical equipment you wish to use or bring in must have a valid PAT certificate and be cleared with the Riverside Studios Technical Management Team in advance. The Riverside Studios Technical Management team also reserves the right to refuse the use of any technical, practical or construction equipment which is deemed to be unsafe.

All set and prop items must be made flame retardant before being used or stored in any of our venues.

COVID-19 RESTRICTIONS

Please note all visiting companies are required to enter and exit the venue through the main building entrance and sign in at reception where they will receive a temperature check. Masks must be worn at all times when travelling around the building and one metre plus social distancing must be observed at all times. Hand sanitizing stations are set up in all high traffic areas for your use and convenience.

For further detailed information regarding the venue please contact the Riverside Studios Technical Management Team – technical@riversidestudios.co.uk
